IRISH WOMEN'S BOWLING ASSOCIATION

TEAM SELECTION

THE PRESENT SELECTION SYSTEM IS BASED ON THE FOLLOWING PROCEDURES.

(a) Club selectors select teams to represent them at league and cup levels which are played within their Association

(b) From these league/cup games players are selected by their Association selectors to play at Inter-Association level (each Association has their own procedure for making selection to their own teams)

(c) Following the Inter-Association games International Selectors, nominated by their Association, will then make their selection of players to go forward for trials organised by the IWBA.

(d) International trials are held usually in September and from these the International Team is then selected.

PLAYERS SELECTED

(a) Always adhere to the Laws of the Game and at all times have acceptable standards of behaviour.
